

Mark Li

My name is Mark, and I'm currently a grade 12 student. I am the Grade 12 Representative on Student Council. I am taking eight academic courses this year and I am a principle's list and honour roll student. I will be graduating at the end of June. In September, I will be pursuing an arts & science degree in university. My education goals are to attend graduate school after my attaining my undergraduate degree.

Aside from school, I have undertaken many other activities. For over 13 years, I've been learning piano. I have an Associate Diploma in Piano Performance from the Royal Conservatory of Music. I have performed extensively as a soloist, accompanist, and in ensembles in recitals and charity performances. I have received first, second, and third place awards in piano competitions. I also do visual arts and theatre.

Community service is an ongoing commitment. I volunteer as a pianist and MC at over seven senior's centres across Greater Vancouver. I also volunteer at school on Student Council, and as a cadet. I have received a promotion and four awards from cadet.
